PLANNING DIVISION
COUNTY OF YORK

Natasha House
Policy/Program Development

I. Statement of Need

In 1973 there were only 28 York County residents that contacted Home-Base because of homelessness. Since the year 2000, the number of homeless York County residents has increased by 100 families per year. In addition, 90% of these families have never been homeless before. *(These numbers represent only the families who contacted Home-Base)*

II. What is Natasha House?

NATASHA House is a safe environment for women with children that provides the means for them to rebuild a productive, thriving life.

Additionally, Natasha House provides case management for referred clients to teach them how to live financially independent and maintain a self-sufficient, stable household within two years.

III. Mission Statement

NH is a temporary residential home for homeless women and children that will empower and equip them to achieve and maintain self-sufficiency.

IV. Eligibility Requirement

Women and children who are:

- ◆ Sleeping in places not meant for human habitation, such as cars, parks, abandoned buildings, streets, or those who are sleeping in an emergency shelter as a primary nighttime residence.
- ◆ Living in transitional or supportive housing for homeless persons but originally came from streets or emergency shelters
- ◆ Spending a short time (30 consecutive days or less) in a hospital or other institution
- ◆ Being evicted within a week from private dwelling units and no subsequent residences have been identified and they lack resources and supportive networks needed to obtain access to housing
- ◆ Women with children up to the age of 12 upon entry
- ◆ Legally emancipated Head of Household with children
- ◆ Destitute whose circumstance is due to major medical conditions

V. Non-Eligible Applicants

- ◆ Women with felony convictions within the last five years.
- ◆ Women with active Domestic Violence Cases
- ◆ Women actively using alcohol or illegal drugs
- ◆ Women with chronic physical or mental debilitating medical conditions

VI. Admission Policy

A. York County residents have first priority; other jurisdictions are handled on a case by case basis as space permits

B. Referral Policy

- ◆ Providers of Human and Social Service can make referrals to NATASHA House of clients that meet NH eligibility requirements for admission
- ◆ Referring agency must submit an Agency Narrative Form (available at NH) briefly describing services provided by their agency to the family, family needs, family strengths and weakness and how the family would benefit from NATASHA House

C. Prospective residents and interested parties can contact NH directly to request an application and inquiry about admissions to NH

VII. Admission Process

- ◆ Each candidate must complete and return a NH Application Form to be considered for admission
- ◆ NH staff will contact candidate and schedule a face-to-face interview. The objective of the interview is to select residents who are highly motivated and capable of reaching economic self-sufficiency or managing their debt by the end of the program and who are willing to accept the intense case management that is an essential part of the program at NH
- ◆ Interview will consist of reviewing application, completing the Release of Information Form, completing the client questionnaire, taking a family history, assessing motivation, family willingness to participate in intensive case management, family physical and emotional ability to participate in education, job training, employment, household management, counseling, individual and family counseling and to function independently
- ◆ Interviewer will verify applicant information with sources listed on Application Form and insure all paperwork is completed and correct plus verify contact number.
- ◆ Once verified, the interviewer tells the client that the verification process will begin immediately and NH staff will contact her within five to seven days depending on the verification of the information submitted.
- ◆ After interview, staff reviews the application which sometimes necessitates additional verification
- ◆ When approved for residency, applicant and referring source are informed and the moving in process begins.
- ◆ Before moving in the applicant must review, agree to comply with, and sign NH Rules of Residency, Case Management Contract, and Agreement of Understanding.
- ◆ The In-take person will order a drug screen, criminal background check, credit report and physical for Head of Household (note: this expense will need to be added to the program budget or funds solicited to cover expense for family)
- ◆ Applicants not approved for admission into NH will be referred to Home Base for further assistance

VIII Dismissal Process

- Applicant understands that failure to comply with Rules of Residency, Case Management Contract, and the Agreement of Understanding could result in immediate dismissal from the Natasha House.

IX. Programs and Services

- 1. Case Management/Assessment—**Work closely with Social Services and other Community Services to obtain holistic care for clients and their children to include an intensive and comprehensive assessment of the resident's needs and personal information exchange. Short and long term goals are developed and the case manager helps residents articulate goals, determine action steps and time lines for achievement. In addition, residents are encouraged in the face of inevitable setback as they develop their independence and self-sufficiency. A balance between structure and independence/empowerment is established to meet all the skill needs of clients:
 - a. Help participant understand what is expected of them at NATASHA House
 - b. Determine reasons for Homelessness and establish goals to overcome obstacles
 - c. Develop 90-day case management plan with reachable goals
 - d. Decide where participant needs to be one year from now
- 2. Health—Physical and Mental—** Weekly counseling for the clients and their families by institutions and specialists in the community who specialize in physical and mental health (Follow-through):
 - a. Identifying Problem
 - b. Determining appropriate referral
 - c. Contacting resources for treatment
 - d. Incorporating treatment into Case Management Plan
